We offer a private chef and waiter service around the island. The booking system is very simple.

This is how we work:

# 1

Contact us by email or telephone and we can agree upon the menu

It can be a buffet, tasting menu, Mallorcan cuisine, fresh Mediterranean... there are as many possibilities as tastes. We have a menu list, and a list of favourite dishes. You can also propose your own menu.

# 2

We do all the shopping and take it to your home

We will go to the market to buy your groceries. We search out seasonal products, local farm grown vegetables, wild fresh fish from the bay, meats with Designation of Origin from Mallorca and the mainland. To make it short, we only work with quality products.

# 3

We prepare the menu in your kitchen

Our culinary roots are the Mediterranean and Basque cuisines, of which we value the high consumption of vegetables, olive oil, fish and seafood, the many spices and the great combination of fresh and quality produce.

# 4

We set the table and serve the menu. We clean up the kitchen

The waiter will set the table and serve the menu, taking good care of you. The kitchen will be cleaned and the table cleared. When we leave your house, your eyes won't believe that we have been there.

Kind regards,  
Björn & Víctor
